

Video Checklist

Before uploading your video entry, be sure it meets the following criteria:

- I am currently in the 5th, 6th, 7th or 8th grade.
- I am the only person in my video. No audio or video of anyone else is included.
- My video is longer than 60 seconds, but it is less than two minutes long.
- My video file is smaller than 100 MB.
- My video is focused on one and only one of the specific video topics for this year's challenge.
- My video contains my original work only and no copyrighted materials.
- My video explains the science behind both the problem and a solution as related to my selected topic.
